## **Technical rider.**

### **GENERAL:**

This technical outline is an integral part of the contract between the producer and the organizer of the performance. This means that the organizer should fulfill the technical conditions on his initiative and expenses. Exceptions are only possible if confirmed in writing.

Therefore the organizer should provide a technical rider of the space to the company (dimensions, list of normally available equipment, floor plan, cross-section on scale). On the basis of this we can look for adaptations.
