## Annual Report 2007

# Visegrad

2007 ANNUAL REPORT  
(GUIDELINE TO 2008 PROGRAMS)

2008

*Dear friends,*

You have received the symbolic passport to Visegrad, all the more symbolic since the borders between the V4 countries disappeared with the long-awaited Schengen agreement on the eve of 2008.

It is my pleasure to open the 9th year of the Fund's existence with similarly positive news.

Firstly, interest of the applicants has been continuously growing, as well as the overall quality of the project proposals. To date, we are proud to have supported more than 1,700 grant projects and to have granted over 380 scholarships and almost 40 artist residencies. I would like to thank all applicants for their interest and also for their patience with our processing of the applications—at times the amount of projects was literally overwhelming.

Secondly, the Fund has achieved two very prestigious accomplishments in its public relations. The first was the distinction award issued by the Polish Publishers' Association for the book *The Visegrad Group: A Central European Constellation*, published by the Fund in 2006. The second was the *Best of Nation* award presented by the 2007 European Logo Design Annual (Eulda) for the logo of the Fund.

Thirdly, we are very happy to be launching a new program in 2008—the Visegrad University Studies Grant, in support of Visegrad-related curriculum-building (see page 36).

And last but not least, we are all proud of our new on-line application system, which makes the application process simpler and more coherent for all applicants.

Dear friends, I truly hope that V4 cooperation flourishes as successfully as the Fund does. It has been you in particular—young scholars, scientists, civic organizers, artists and many others—who have helped us all fulfill the Visegrad dream. With all humility, I hope the 2008 deadlines of the Fund will bring good results to you and the Fund alike.

I hope this 2007 Annual Report serves you well as a guideline to our 2008 programs. Please feel free to visit our website [www.visegradfund.org](http://www.visegradfund.org) for more information.

Bon voyage!

# Visegrad Strategic Program

The aim of the program is to support long-term projects of strategic character that link institutions of all four Visegrad Group countries. The projects must adhere to at least one of the priorities defined by the Conference of Ministers for the given year. The priorities follow the given foreign policy priorities of the Visegrad Group (see further).

The maximum time frame for implementation of Visegrad Strategic Program grants is 3 years. The financial contribution of the IVF cannot exceed 50 % of the total project costs, including the in-kind contribution of the applicant, or in-kind contributions of other co-financing subjects. Annual deadlines for applications are 15 February and 15 May.

The budget of the Visegrad Strategic Program (i.e. Strategic Grants) is €400,000. Within the annual budget there is no limit to the maximum amount granted to the selected project(s), however, the average amount of the past deadlines is about €50,000.

ANNUAL BUDGET: €400,000

DEADLINES: 15 February, 15 May
