## Freelance Appointed Person for Lifting Operations

I am an Appointed Person for Lifting Operations with over 10 years of hands-on experience in the construction, infrastructure, and industrial sectors.

### My services include (but are not limited to):

- Lift planning and method statement preparation
  - Risk assessments and site assessments
  - Compliance checks and audits
  - Contract lifts
- Supervision and coordination of lifting operations
  - Creating CAD drawings

Throughout my career, I have successfully planned, coordinated, and managed a wide range of complex lifting operations, always ensuring the highest standards of safety, quality, and efficiency. I bring a professional and detail-focused approach to every project, with a commitment to delivering reliable, compliant, and cost-effective solutions

## SAFETY SUPERVISOR seeks new position

I have over 13 years of experience in construction safety and a solid track record of implementing and enforcing HSE standards, I am confident in my ability to contribute to your team's safety excellence and compliance goals.

During my tenure at HATCO Contracting Co., I successfully led safety operations across multiple high-profile projects, including the Shuaibah Desalination Plant and King Faisal University campus. I developed and executed site-specific safety plans, conducted risk assessments, led incident investigations, and supervised HSE teams to ensure full adherence to OSHA, ISO 45001, and client requirements. My proactive approach contributed to milestone achievements such as "One Million Safe Man Hours" on several projects.

I hold a NEBOSH IGC, OSHA 30-Hour certification, and advanced diplomas in occupational safety and risk management. I am also skilled in confined space entry procedures, lifting and scaffolding safety, PTW systems, and behavioural safety initiatives. These qualifications, combined with my commitment to a safety-first culture, make me an excellent candidate for this role.

I am excited about the opportunity to bring my leadership, technical knowledge, and commitment to safety to your team. I welcome the chance to further discuss how I can contribute to your organization's safety goals. Thank you for considering my application.

# GOING UP IN THE WORLD

## A history of Simon Engineering, the development of the powered access industry and a lifetime as an engineer, by Denis Ashworth

Ashworth was a keen engineer and from an early age found himself in at the very start of the modern powered access industry.

His book is an unusual combination of autobiography and history of Simon Engineering Dudley, a pioneer of the powered access industry and at one time, the world's largest manufacturer of aerial lifts.

The coffee table sized book, is highly readable and includes around 150 photographs and drawings from the very beginning of the industry. It is a 'must read' for anyone who is interested in powered access, the hydraulic equipment industry or in comparing modern day engineering challenges with those of an entirely different era.

The book is available direct from the publishers at £19.50, plus £4.50 postage and packing.

- Continental Europe €23 plus €6.50 postage & packing
- Rest of world \$31 plus \$10 shipping
