

Turkey: Aksaray province.

Mahmut Dinç (conducts mother-baby trial) with his cell-phone while preparing seed bed

Deputy Province Director Mr Yusuf Çiçek hands over cell-phone to Emre Dinç, Ihlara

Turkey: Karaman Province.

Ali Ozdemir planted 2 wheat landraces (Kunduru-156 and Bugday-98) in same village. Both lines germinated and will apply herbicide. Farmer planted different landraces next to project material can be a good demonstration for village.

Turkey: Malatya province.

Abuzer Okyay planted 2 wheat landraces (Cakmak-Kunduru). Germination looks like well and can be a good sample for farmers. Farmer will open a way between the parcels.
