How To Open Cryptoportfolio Positions in MetaTrader 4

1. Open a trading account on the Company's website or in the trader's personal account.
2. Enter the [MetaTrader 4](#) web terminal or [download the trading terminal](#) onto the computer.
3. On the MetaTrader 4 platform, in the "market review" window, right-click to select "show all symbols", or display the instruments from the groups of portfolios in the "symbols" section.

4. Find the investment profile from the list below the “market review” window.
5. Set up the required trading volume and open the position on the selected portfolio.
6. Congratulations! your order is complete. All the best in your investment.
