

SL2100 Hospitality Management

At a Glance

- Offers an extensive feature set which improves staff productivity and enhances the guests' experience
- Provides powerful support for front and back-office functions
- Integrates seamlessly with SL2100 InMail Voice Mail to provide personalized messaging for guests

Overview

NEC's SL2100 Hospitality Management solution allows specific applications to integrate with business processes based on specialized roles within an organization.

Hospitality Management helps ensure your guests have a memorable stay by providing them access to the latest, most advanced messaging services. Your business benefits from this solution by utilizing its extensive features such as flexible numbering, room status and toll-restriction check-in mode. Hospitality Management easily integrates with most major Property Management Systems (PMS) via an Ethernet connection which simplifies deployment.

Solution

Improves Productivity and Enhances the Guests' Experience

Hospitality Management helps hospitality industry employees save time and lower operational expenses while providing guests responsive, high-end services. It efficiently integrates with your PMS to help streamline and coordinate communications.

Powerful Support for Front and Back-Office Functions

Using PMS integration, Hospitality Management can help support and control many essential front and back-office functions, including:

- Message waiting indication
- Check-in/check-out suite services

- Room/housekeeping status
- Room changes

Integrates Seamlessly with SL2100 InMail

Hospitality Management integrates with SL2100 InMail Voice Mail to give guests the ability to add, delete, change and confirm their personal greetings and wake-up calls. This package includes:

- Personalized guest messaging for every room
- Previous messages, greetings & security codes are deleted upon new Check-In

Extensive Feature Set

NEC's SL2100 Hospitality Management solution also includes the following features:

- Property Management System Integration
- Hotel/Motel Front Desk Instrument
- Wake-up Call
- Message-Waiting Lamp Services
- Room-to-Room Call Restriction
- Toll Restriction Check-in Mode
- Toll Restriction Change-Guest Station
- Room Cutoff
- Room Status
- Automatically Set Room Status on Check-Out
- View Current Room Status via Web Pro/Phone Pro
- Maid Status
- Room Status Printout
- Do Not Disturb-Hotel/Motel
- Do Not Disturb-System
- Flexible Numbering
- Single-Digit Dialing
